It looks like... he's done for.

You may leave.

What now...?

Someone paid your bail

Lord Rokan!

Lady Letnan... How...?

Lady Letnan... How...?

Fortunately, I was sitting dinner with my boys!

I was so shocked! How did that happen?

It must have been awful for you. Let us return.

People are being foolish and are underestimating you, sir.

One day, they will regret looking down on you.

And...

It's not like House Rokan is a complete stranger to House Letnan

Lady...

Why do you pay attention to me?

I'm fully aware of where I stand among the nobles

Hoo... Hoonan! You saw that?

What?

She... vanished...

It was the girl we saw from the Forest
